DEFENCE EVIDENCE DOCKET — ADVOCATE KABIR SINGHANIA

SUBMITTED ON BEHALF OF ACCUSED ROHAN VERMA

Fastag Electronic Toll Transit Audit & Petroleum Voucher

Presented By: Adv. Kabir Singhania, Defence Counsel

Claimed Alibi Location: Electronic City Toll Plaza

Claimed Transit Time: 14-OCT-2026 21:00:00 IST

Vehicle Number: MH-02-AZ-4410

1. PURPORTED ELECTRONIC TOLL TRANSIT RECORD (FASTAG)

The Defence submits this purported transaction voucher generated by Metro Petroleum & NHAI Toll Gate (Electronic City/Vashi corridor). It alleges that vehicle registration MH-02-AZ-4410 registered to Rohan Verma passed Lane 04 at exactly **21:00:00 IST** on 14-October-2026, and purchased 25 Litres of fuel at 21:04 IST. On this basis, the Defence contends that Rohan Verma was physically **28.4 km away** from the Apollo Hope Hospital at the exact time the PICU server room was breached.

Field Description	Voucher Data Value	Audit Remark

Transaction ID	TXN-90218841-FTG	Fastag Electronic Capture
Vehicle Plate	MH-02-AZ-4410	Registered to Rohan Verma
Transaction Time	**14-OCT-2026 21:00:00 IST**	**DIRECT CONTRADICTION WITH EX. P-03**
Amount Paid	■125.00	Standard Car Class

2. DEFENCE SUBMISSION & PRAYER

The Defence prays for immediate quashing of coercive warrants against Rohan Verma on grounds of an iron-clad alibi. However, as noted in Anavaya's forensic corroboration matrix, this alibi directly conflicts with Exhibit P-03 (Biometric badge swipe at 20:58:14 IST) and Exhibit P-04 (Nurse Nair eyewitness sighting at 20:56 IST), proving either the toll tag was cloned or transported in absentia.
