APOLLO HOPE CHILDREN'S HOSPITAL — CRITICAL CARE DIRECTORATE

DEPARTMENT OF PEDIATRIC CARDIOTHORACIC MEDICINE & SURGICAL INTENSIVE CARE

Certified Medical Expert Opinion under Section 39 Bharatiya Sakshya Adhiniyam, 2023

Patient Name: Master Aarav Sharma	**Age / Sex:** 8 Yrs / Male	**IPD No:** IP-2026-9042
Attending Specialist: Dr. Radhika Sen, MD, DM	**Ward / Bed:** PICU Bed 04	**Date & Time:** 14-OCT-2026 21:15 IST

1. CLINICAL DIAGNOSIS & PHYSIOLOGICAL DEPENDENCE

The patient, Master Aarav Sharma, is in a critical post-operative state following emergency aortic conduit revision and fulminant myocarditis. The patient is 100% dependent on continuous mechanical ventilation and an active Extracorporeal Membrane Oxygenation (ECMO) circuit. Vital arterial line infusion of Epinephrine (0.08 mcg/kg/min) and Milrinone is governed by the digital telemetry servo-loop linked to PICU Server Sub-Station A.

2. PERIL TO HUMAN LIFE & TIME-SENSITIVITY ASSESSMENT

IMMEDIATE FATAL RISK ASSESSMENT: Physical tampering or remote digital locking of the ECMO gas-blender manifold renders arterial oxygen saturation (SaO2) unstable. In the event of battery or localized power cutoff without immediate manual biomedical reconstitution, irreversible hypoxic brain damage will ensue within **12 to 18 minutes**, and fatal cardiopulmonary arrest is inevitable within a maximum clinical threshold of **4 hours**. The patient cannot survive transport without specialized mobile neonatal/pediatric life-support escort. This matter constitutes an acute emergency under Article 21 (Right to Life) of the Constitution of India.

3. CLINICAL DIRECTIVE FOR JUDICIAL RECORD

I solemnly certify that any administrative delay, procedural backlog, or deprivation of immediate judicial and police intervention will result in immediate mortality. Unconditional emergency priority is mandatory to secure the digital telemetry decrypt keys and patient recovery.

Certifying Clinician:
Dr. Radhika Sen, MBBS, MD, DM (Cardiology)
Director, Pediatric ICU, Apollo Hope Hospital
Reg. No: MMC-2004/08/3120

Institutional Attestation:
Dr. Arvind Swaminathan
Medical Superintendent, Apollo Hope Hospital
Seal & Signature Affixed
