STATEMENT OF THE WITNESS UPON SOLEMN OATH

"I, Anjali Nair, do solemnly state on oath as follows:

1. I was on night duty in Pediatric Intensive Care Unit (PICU) Ward 4B on October 14, 2026. Master Aarav Sharma, age 8, was under my direct monitoring at Bed 04 on ECMO arterial life support.

2. At approximately 20:56 IST, I walked down the central corridor toward the medicine dispensary. Near the telemetry sub-station, I observed an individual wearing grey biomedical maintenance overalls and a dark hoodie. He was leaning over the central manifold console with a diagnostic laptop connected directly into the auxiliary port.

3. When I asked what he was doing, he turned halfway toward me. I clearly recognized his facial features and build — it was **Rohan Verma**, who is our senior biomedical equipment technician. He appeared visibly startled, had an irregular nervous stammer, and abruptly stated he was running a routine oxygen firmware recalibration.

4. At approximately 21:05 IST, while returning with medications, I saw him pushing a sealed portable pediatric transport incubator toward Service Elevator B. The emergency telemetry alarms began sounding immediately thereafter at 21:08 IST. When I rushed into Bed 04, Master Aarav Sharma was missing, and the life-support sensor conduits were severed.

5. I state with complete certainty that Rohan Verma was physically inside Apollo Hope Hospital between 20:55 and 21:07 IST. Any assertion that he was elsewhere is completely false."
